PROFESSIONAL SUMMARY

Finance and AI professional with 4+ years in GL management, Record-to-Report (R2R), and financial close across multinational environments. Proven track record of digitising and automating finance processes — including ML-assisted reconciliation, ERP migrations, and workflow automation. Currently deepening expertise in LLMs, Agentic AI, and AI-integrated business strategy at SRH University Berlin. CAANZ Member; fluent in English, A1 German.

EDUCATION

M.Sc. Artificial Intelligence in Business

Oct 2025 – Sep 2027 (Expected)

SRH University Berlin, Germany

Key Modules: AI Ethics · AI in Supply Chain Optimisation · Large Language Models & Prompting · Agentic AI Systems · AI-Integrated Marketing, Planning & Sales · Innovation & Design Thinking in the Age of AI

B.Com. Accounting & Tax — Deakin University Melbourne, Australia

Jul 2017 – Dec 2019

PROFESSIONAL EXPERIENCE

Cyber Data India | Remote

Apr 2026 – Present

Marketing Consultant

- Identified a new business focus area for the AI era, refining the company's value proposition and qualifying targeted leads to improve outreach relevance.
- Built Zapier workflows to automate the outreach process end-to-end, eliminating ~3–4 hours/day of manual outreach work.
- Managing early-stage LinkedIn content and posting strategy to build brand visibility in AI-adjacent services.

Accenture Solutions Pvt. Ltd. | India

Nov 2021 – Sep 2025

Finance Process Enablement Associate

- Managed end-to-end R2R for multiple entities: GL close, journal entries, cross-charges, SOX compliance.
- Built ML-assisted bank reconciliation workflow to auto-match exact payments, reducing month-end close from 3 days to 2 days (33% faster).
- Supported manual-to-automated closing cycle transition, cutting manual intervention by ~40% for the client's Digital Controllershship programme.
- Created structured onboarding training documentation, reducing Gate 1 theory session time by ~25% and enabling self-paced pre-reading.

DPH Software Services Pvt. Ltd. | India

Apr 2021 – Nov 2021

Assistant Accountant

- Migrated accounting and payroll from Tally to QuickBooks, reducing processing time by 15%; introduced Jira to replace paper workflows, cutting paperwork by ~10%.
- Prepared month-end journals, account reconciliations, financial statements, cash flow reports, and variance analyses.

KNS Accountants | Rooty Hill, Australia

Jan 2020 – Dec 2020

Assistant Accountant (Intern → Permanent)

- Digitised client document management from paper to structured digital records, reducing paper load by ~60% and retrieval time by ~50%.
- Delivered bookkeeping, bank/ledger reconciliations, and tax returns (individual, partnership, NGO) including quarterly GST/BAS preparation.

ENTREPRENEURIAL EXPERIENCE

Sarika's Kitchen & Co. | India

Apr 2025 – Present

Founder & Business Lead

- Founded and operationalised a restaurant and catering venture: end-to-end setup including sourcing, vendor negotiation, interior design, supply chain creation, and SOP design.
- Built social media content strategy and automated publishing; grew organic customer base in launch quarter. Reduced ingredient wastage ~20% through reorder protocols.
- Authored full business plan: market analysis, financial projections, competitive positioning, and operational strategy.
